are irreversible. For instance the biochemistry after taking Hormone Replacement Therapy changes. Therefore one such as myself after taking female hormones for an extended period of time has effectively changed my chemistry so much that it registers as biologically female, thus I am now no longer biologically male but biologically female. Even so I remain painfully trapped within an anatomical male body as does Ms Haverkamp. We are both past the point where surgical intervention is a necessary part of treatment for our anatomical bodies to be brought into congruence with our biological chemistry, which is that of an adult female.

I offender Childress, Nicole Lynne AKA Archie L III, TDCJ No 897643 am presently incarcerated at the Mark W. Stiles unit of the Texas Department of Criminal Justice in Jefferson County Texas declare under penalty of perjury that above included statement is true and correct to the best of my knowledge.

Signed on this third day of November, 2017.
